Authority and Reference: Pursuant to the authority vested by Section 2930 of the Business and Professions Code, and to implement, interpret or make specific Section 2914 of said Code, the Board is considering changes to Division 13.1 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law requires, among other requirements, an applicant for licensure as a psychologist to complete at least two years of supervised professional experience under the direction of a licensed psychologist, the specific requirements of which shall be defined in regulations. Currently, existing sections 1387(a)(1)(C) and (a)(2)(C) allow applicants for licensure as a psychologist to accrue postdoctoral supervised professional experience (SPE) as a psychological assistant pursuant to section 2913 of the Business and Professions Code. Many of these psychological assistants work in private practice settings where there are no organized training programs.

Due to the lack of standardization in training in these settings, this proposal would amend sections 1387(b)(10) and 1387.6 and adopt section 1387(b)(11) to require psychological assistants in private practice settings to submit a plan for supervised professional experience to the Board for prior approval prior to the accrual of SPE.
